

Congrats on the New Listing!

I have created marketing resources to support in promoting the listing. These can be leveraged at your open houses, on social media, and to educate potential buyers on the listing.

Included here is a Single Property Site. I recommend that you share this link on your social to promote the listing and help build your personal online brand.

Single Property Website

This Lead Capture App can be used during an Open House on a tablet or computer to capture registrations. These contacts will go directly into your Total Expert account to make it easy for you to follow up!

Open House Lead Capture App

Buyers often appreciate educational resources. I have included a link to a pdf of a co-branded flyer here. You can leverage this piece as a handout at any Open Houses or to send to interested buyers ahead of events.

I appreciate the partnership! Let me know if there is anything else I can do to support you or your listing.
